Moodboard Flatlay Playbook

including Prompts

Inspo Image ➤ Moodboard Playbook

Choose your reference photo

Select one image that captures the colour, texture, and feeling of the space you want to translate into a moodboard.

Upload Image to ChatGPT

Build your AI prompt

Tell ChatGPT what you'd like to do – that you want to create a flatlay moodboard inspired by this image.

Ask it to identify the key elements (paint tones, materials, fabrics, metals, accents) to include as samples

Prompt for ChatGPT

“I want to create a top-down material sample flatlay representing the attached image, that an interior designer could share with a client. Support me to build a prompt in order to create images for the elements of the flatlay which would represent the style of this room as accurately as possible. Please include paint tones, materials, fabrics swatches, metals, flooring, accents. Please tailor the prompt to the tool I will be using Flux Kontext/ChatGPT/Recraft.ai. Format: top-down flat-lay, 4:5 aspect ratio, 8K detail, the final image should be a balanced arrangement of design materials photographed from above”

Inspo Image » Moodboard Playbook

Check components of your prompt and make any tweaks required. Check all elements are included. ChatGPT will assist you with this. eg “ I would like to add complimentary accent colours for cushions”

Copy and paste your finalised prompt into your chosen tool - I have found Recraft.ai and Flux Kontext to be the best output ChatGPT is an option but results were not very realistic

Edit your Image: Nano Banana (Google Gemini) is best for edits Upload image and request a simple edit. eg “*add a brushed brass cabinet handle to the image below - keep all other elements the same*” you can upload an image of the required item you want to add
or request to remove something from the image.

Add your brand touch

Upload the image of the final flatlay and an image of your logo to Nano Banana (Google Gemini) and ask Nano to add the logo the flatlay

Nano Banana Prompt:

“Place the reference logo image subtly in right hand corner of the flatlay image attached”

Export & share
